

WORLD'S 1ST 100 ML FUEL THEFT DETECTION GPS SYSTEM

BPN-TRACK FMS

FUEL MONITORING SYSTEMS

BPN-TRACK

WORLD'S 1ST 100 ML FUEL THEFT DETECTION

**GPS- FITTED UNDER
DRIVER CABIN STEERING COVER
2 WIRED SIMPLE TO INSTALL AND MAINTAIN**

**WIRELESS DIESEL SENSOR
FITTED IN DIESEL TANK
3-4 YEARS BATTERY LIFE
AND EASILY REPLACEABLE**

3 WIRED SIMPLE TO INSTALL AND MAINTAIN
DRIVER CABIN STEERING COVER

AND EASILY REPLACEABLE
3-4 YEARS BATTERY LIFE

WHY CHOOSE US

BPN-TRACK
FUEL MONITORING SYSTEMS

- **Our Focus: Precision & Long-Term Savings** 
 - High-quality hardware ensures accurate diesel refill alerts & 100ml theft detection.
 - Advanced technology handles sloshing, tilt, & fiber tank fluctuations with zero false alerts.
- **The Value You Get with Us** 
 - Customers save ₹3-4 lakh per vehicle annually on fuel.
 - Invest today for reliable data and sustainable profits tomorrow.

OUR INNOVATION

100% Accurate Tracking:

Location, diesel level, fuel refill, drains, mileage, average, and more—
everything tracked with precision!

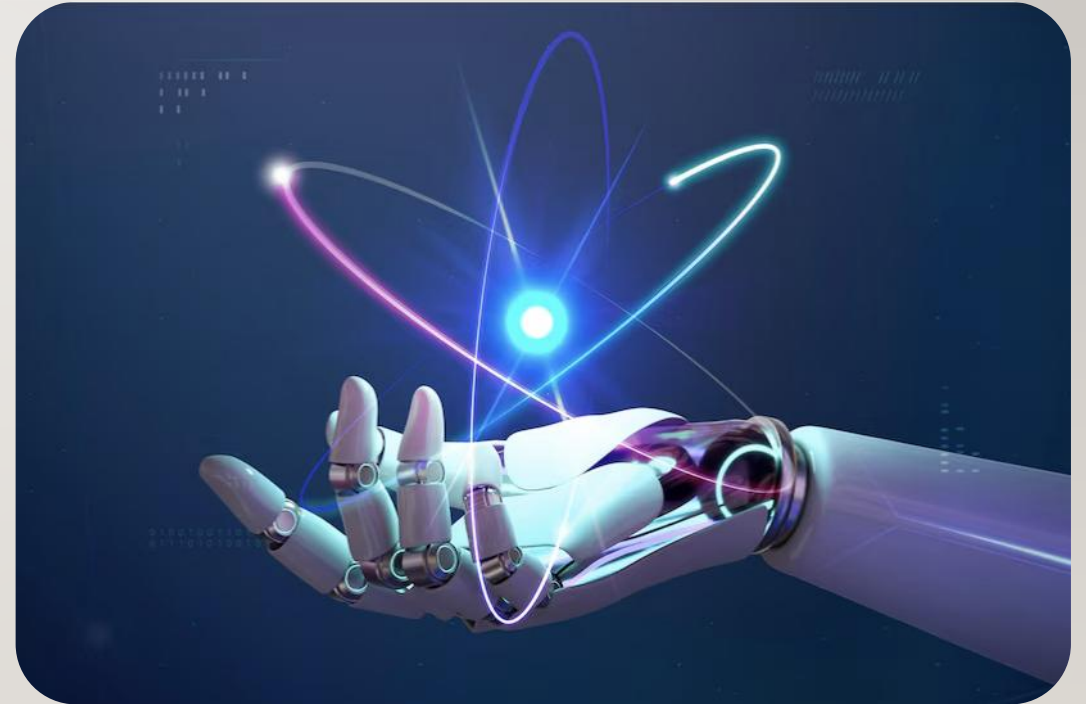

OUR INNOVATION

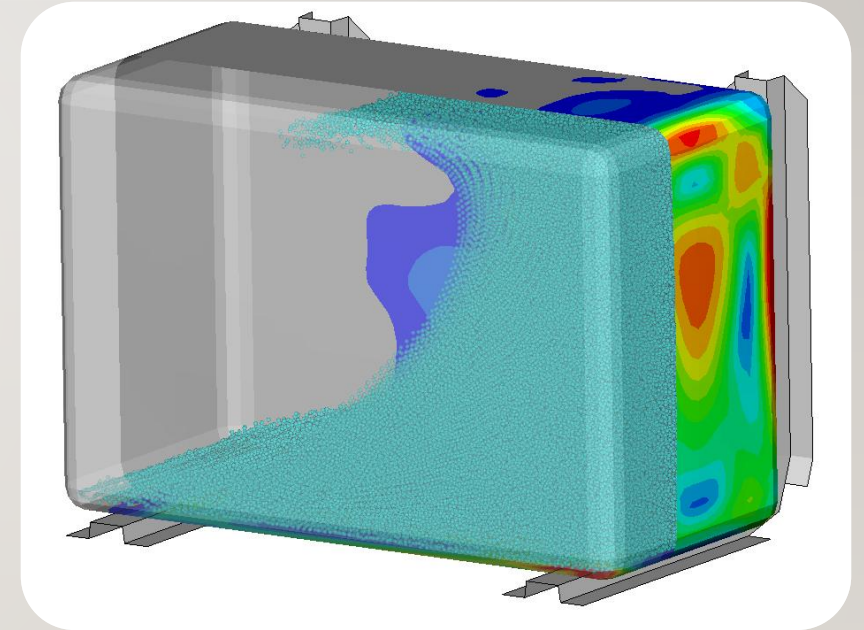

100 ML  Fuel

Theft Detection: Detects even 100 ml of theft, while others struggle with 5-10 liters.  

OUR INNOVATION

❌ Zero False Fuel
Theft Alerts: Reliable
alerts despite any road
conditions. 🌧️ 🛣️

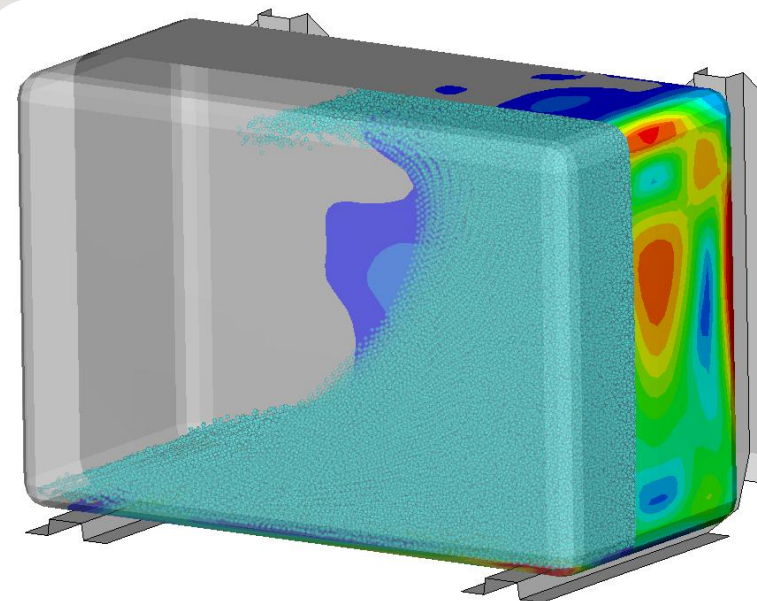

HANDLING FUEL TILT, SLOSHING, AND FIBER TANKS – WHERE OTHERS FAIL

BPN-TRACK
FUEL MONITORING SYSTEMS

- Most systems struggle to provide **accurate readings** in **fiber tanks** and during **fuel sloshing** caused by rough terrains 🏔️ or sharp turns 🔄, often leading to **false alarms** 🚨.
- ✨ **BPNTTRACK's advanced sensors** are engineered to tackle these challenges, **distinguishing natural fuel movement** from actual fuel loss. 📊 ✅ Our system ensures **precise monitoring** even in **fiber tanks**, where fluctuations are higher 📈, delivering **stable and accurate data** where others fall short! 💪 📡

PRODUCT FEATURES

Heavy Inbuilt Backup

Battery: Operates up to 24 hours during a power cut, sending alerts for power cuts or tampering. ⚠️ 🔋

PRODUCT FEATURES

BPN-TRACK
FUEL MONITORING SYSTEMS

In-Built Memory:
Collects and stores fuel and location data when there's no signal, uploading it as soon as the internet is restored.

PRODUCT FEATURES

Waterproof

Design: Safe and functional
even during vehicle washes
and harsh weather
conditions.

IP67

PRODUCT FEATURES

BPN-TRACK
FUEL MONITORING SYSTEMS

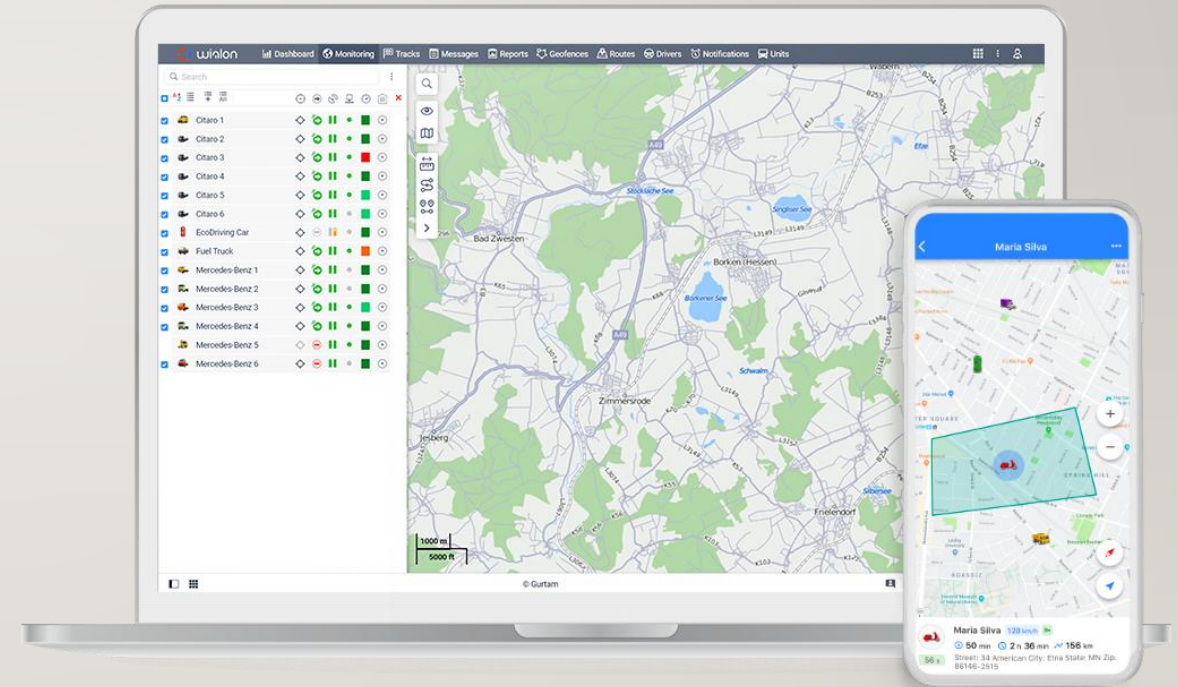

-   Tamperproof Wireless Fuel Sensor: Designed to be cut-resistant, ensuring your fuel data remains secure and tamper-free!  
- Wired sensor are prone to Explosion, Short Circuit and Temparing

PRODUCT FEATURES

-   No Limits on Mobile App Simultaneous Logins: Enjoy unlimited access to your fuel monitoring data from multiple devices at the same time!   
- Sub User Modules

PRODUCT FEATURES

 **Network Flexibility:** We provide Airtel SIMs, unlike other companies that give Vodafone, which doesn't work in many states like Odisha, Chhattisgarh, and others. We also offer JIO SIM options for even more flexibility.  

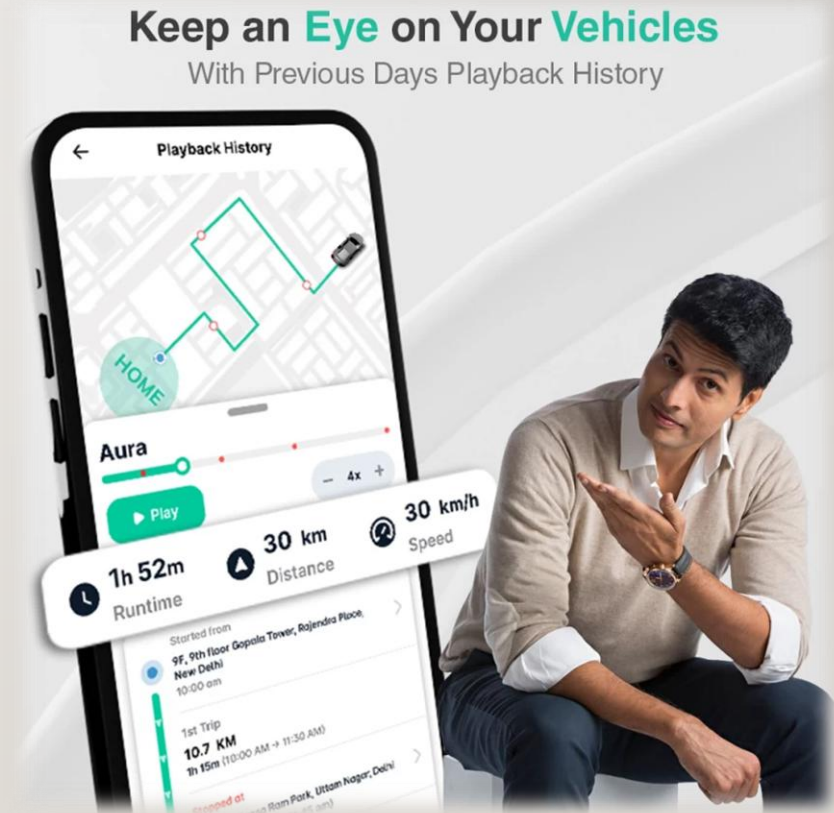

PRODUCT FEATURES

BPN-TRACK
FUEL MONITORING SYSTEMS

Extensive Data History:
Provides **1 year of history** for all travel and fuel data, whereas other companies give only 7 days to 1 month's history.  

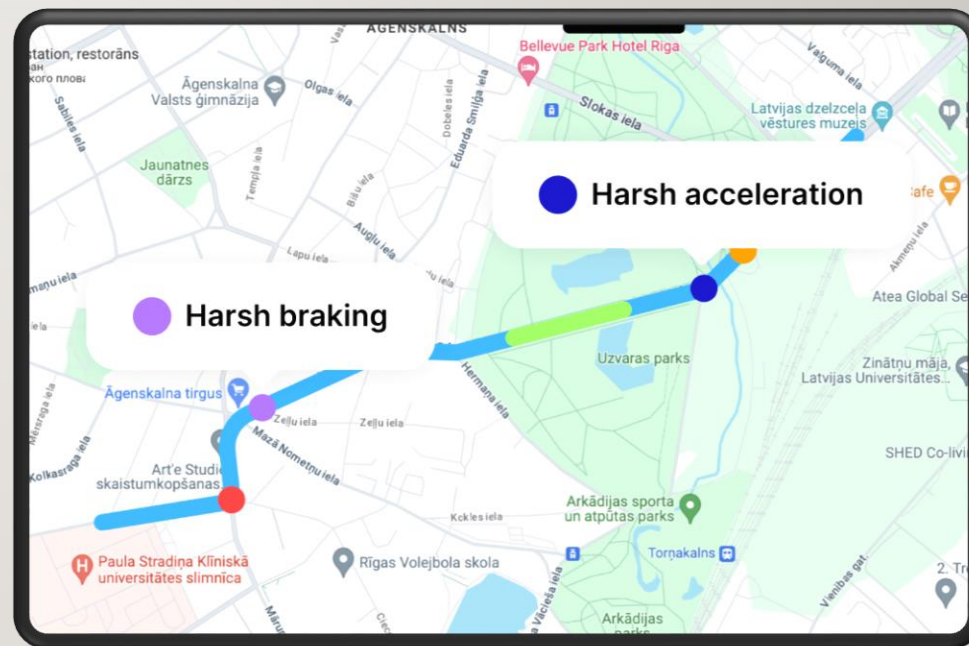

PRODUCT FEATURES

BPN-TRACK
FUEL MONITORING SYSTEMS

 **Driving Behavior Reports:**
Our system gives driving behavior reports, ranking drivers based on their habits like sudden acceleration, sudden braking, sharp turning, etc.  

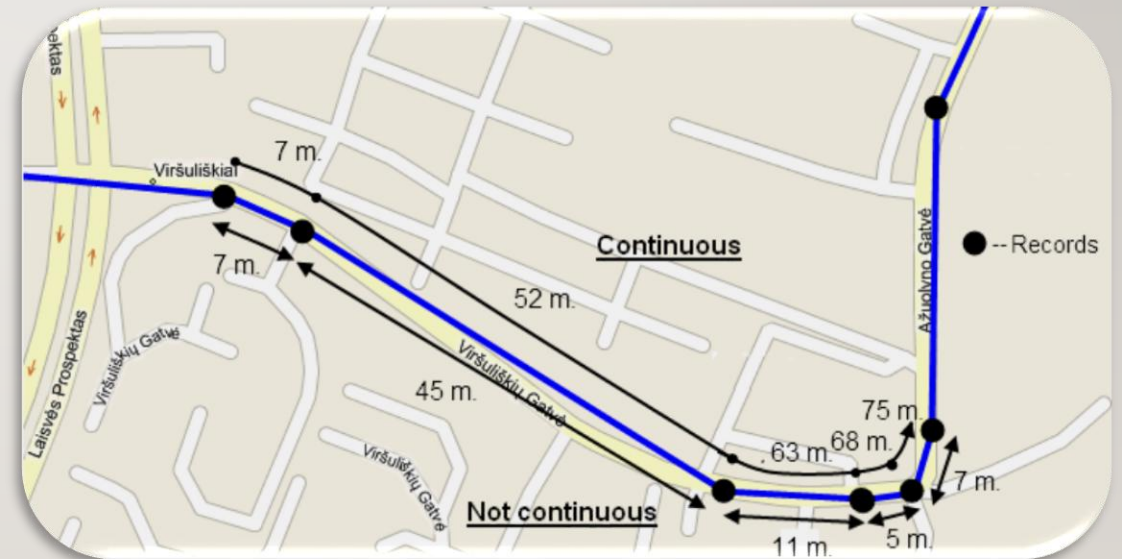

PRODUCT FEATURES

BPN-TRACK

FUEL MONITORING SYSTEMS

  BPNTRACK ensures 100% accurate odometer readings by continuously adding GPS points centimeter by centimeter (cm by cm).   This guarantees that every tiny movement of the vehicle is tracked in real-time  with complete accuracy , leaving no room for error!

DECENTRALIZED INSTALLATION

-  **Fast Rollout:** Devices shipped immediately for quick installations at any location even remote areas
-  **Easiest Setup:** 2 Wired GPS + Wireless Sensor = Easy and Fast Installation
-  **Flexible Support:** Video calls Support and Training to site in charges for minor issues handling
